What Hollywood is buzzing about this week

BULLETPROOF COFFEE COLD BREW

This brand, infused with grass-fed butter and so-called Brain Octane Oil (from coconuts), energizes **Busy Philipps**. (\$20 for 4, bulletproof.com)

BIRDIE BAG

With built-in cosmetics and laundry bags, pockets for wallets and phones and a cross-body strap, the duffel makes a perfect weekender. (\$198, jemmabag.com)

50/50 CLOTHES

Why not wear both? **Chelsea Handler** embraces this unisex trend, in which a dress, button-down shirt or pants have two different prints split straight down the middle.

L.RAPHAEL BEYOND SPA LINE

Eva Longoria pampers herself in the famed spa that infuses their luxurious Swiss products with ingredients from the Dead Sea. (From \$90, l-raphael.com)

XENADRINE NEXT GEN

The dual-release capsules increase focus with caffeine and help metabolize carbs, protein and fats with B vitamins, claims the brand. (\$30, walmart.com)

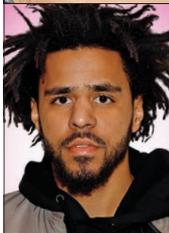

HOT TRACKS

Legend **Busta Rhymes** drops a list of his favorite beats for Us

DRIP / CARDI B FT. MIGOS

"I have several Cardi B favorites, but this one is for an instant turn-up. I want her to win as much as she can because she earned it. We watched her bust her ass."

KIDS ON DRUGS / J. COLE

"I love how brilliant this is. As for the message, he balances speaking against what a lot of kids are doing, but makes it feel like something you could turn up to in a club."

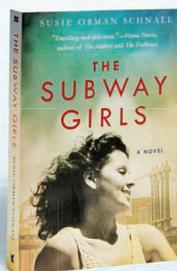

GUATEMALA / SWAE LEE, SLIM JXMMI & RAE SREMMURD

"This song has great, feel-good energy. The music video also supports [Guatemala], which makes it even more meaningful."

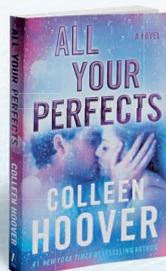

The rapper teamed up with Doritos for its Blaze the Beat campaign to find the next hip-hop superstar.

Summer Musts!

The Subway Girls
→ **Susie Orman Schnall** weaves together two tales of women fighting misogyny. In 1949, career-driven Charlotte is set on winning the Miss Subways contest. Today, Olivia is trying to save her ad agency, which leads her to the historic competition — and Charlotte.

All Your Perfects
→ Quinn and Graham's marriage could have been perfect if it weren't for the secrets, mistakes and, yes, broken promises. Now, they must learn how to save themselves — or be forced apart. **Colleen Hoover** returns with an emotionally raw page-turner.

Charlotte Walsh Likes to Win
→ Ignited by the presidential election, Charlotte decides to run for Senate. But when her opponent fights dirty, she asks if her dream is worth it. **Jo Piazza** (Lauren Graham is a fan!) deftly explores the politics of being a woman.
