Bridal Beauty Regime: Getting Your Best Glow With L. Raphael

November 14, 2017

In preparation for the big day, getting your bridal beauty regime in order is at the top of the list. When your wedding will be captured in photographs and cherished in time for generations to come, it's only natural to desire that blissful glow that only the best products can realistically achieve. **Beyond Spa**, a powerful product spa line by **L. Raphael** (widely known for its luxurious beauty spa located at the [Four Seasons Hotel New York](#)), is a product line comprised of nourishing body oils, body cream, masks, and scrubs.

All products are uniquely formulated with nourishing ingredients from the mineral rich and miraculously healing waters of the Dead Sea. Infused with aroma-therapeutic essences to stimulate the senses, the **Beyond Spa** product range is segmented by benefit: energizing, soothing, detoxifying, nourishing, revitalizing, and balancing. Each **Beyond Spa** product was developed to work double duty to revitalize body and mind - leaving you looking and feeling as if you've just returned from the spa. The range includes six body oils, one body cream, three face and body scrubs and three mud masks from the Dead Sea.

L. Raphael Beyond Spa oils can be used on either dry skin as a moisturizing aid, or on slightly damp skin post-shower to enhance relaxation and deeply penetrate skin, maximizing moisturizing and balancing benefits.

"Most clientele ask which oil/scrub combination is best for them and I always make the same recommendation – smell each of them first," advises Ronit Raphael, Founder and CEO of L. Raphael. *"Your body will tell you what it needs today. If you need a pick me up, the Energizing Lemon Oil will feel right to you. If you are looking for a little more balance in life or perhaps to relax, the Geranium and Lavender Oils are best and the same goes with our delicious scrubs. As our moods and skin are ever changing, it is important to do what feels like the right choice for you!"*

The oil line is comprised of six wonderfully fragrant and refreshing essences tailored to individual needs:

Energizing Lemon Oil: A fresh, invigorating blend of lemon and citrus oils to awaken body and spirit.

Soothing Lavender Oil: A deeply relaxing infusion of lavender and herbs to calm the body and mind.

Detoxifying Cranberry Oil: A purifying blend of cranberry and fruit extracts to detoxify the body.

Nourishing Orange Blossom Oil: Pure orange blossom oil, rich in Vitamin C, to nourish the senses.

Revitalizing Carrot Seed Oil: Antioxidant infused carrot seed oil to heal and protect skin.

Balancing Geranium Oil: Geranium and skin-conditioning botanicals to re-balance skin and restore clarity

Beyond Spa scrubs also come in three delightful varieties, focusing on individual desires and needs for a wide spectrum of skin types:

Nourishing Cherry Blossom Scrub: Naturally exfoliating crystals and cherry blossoms come together in a fresh, gentle scrub to smooth away dryness and infuse skin with antioxidant protection.

Energizing Coconut Sea Salt Scrub: Skin-polishing sea salts exfoliate away dull, dry skin to instantly revive and rejuvenate. Pampering coconut butter drenches skin with moisture, leaving it looking healthy and radiant.

Soothing Mango and Sesame Scrub: Essential sesame oil and exfoliating crystals gently polish away rough, tired skin and nourishing mango butter deeply moisturizes, leaving skin incredibly soft and supple.

Oils, scrubs, and more products by L. Raphael Beyond Spa are available for purchase at L. Raphael and retail for \$99 and \$109 respectively.
