## L RAPHAEL BEAUTY SPA OXY-PEEL ANTI-AGE TREATMENT

### L Raphael Beauty Spa Martinez Hotel Cannes

How about a wonderful morning at **L Raphael Beauty Spa** in the fabulous Martinez Hotel in Cannes? Well, who could resist! I experienced a very effective treatment called **Oxy-Peel Anti-Age Treatment**. I am now Red Carpet ready for my busy week at Cannes Film Festival 2017 with the help of L Raphael revolutionary technology and advanced anti ageing skincare products.

## L Raphael Beauty Spa Treatments

The treatment lasted over an hour and was so relaxing in a super luxe treatment room with dimmed lights to make me relax and is a multi step treatment using oxygen as well as **L Raphael** complex LEC-40 to rejuvenate my skin and reverse the visible signs of ageing.

LEFT: After my treatment and hair styling and RIGHT: My Treatment session

The results of my Anti-Age treatment were immediately visible and I'm sure my skin looked refreshed, smooth and visibly younger! In fact, I was so pleased that I am seriously considering going to Geneva to **L Raphael Geneva** to investigate the full 4D Soft Facelift Treatment!

**4D Soft Facelift** combines 4 different treatments to lift and rejuvenate the skin with an exclusive non-invasive treatment.

The Cannes Film Festival is an action packed couple of weeks, hectic and busy with lots of parties, films, events and crowds! It was wonderful to enter the peaceful haven of **L Raphael** and experience the luxury Spa. I was lucky enough to have a hairstyling with Patrick Nicolieri, who was such a professional and gave me very helpful advice about my hair.

Thank you L Raphael Beauty Spa for a wonderful day and I will be back!

The **Grand Hyatt Martinez Hotel Cannes** is a magnet for Film Festival crowds, with movie fans waiting for a glimpse of their favourite movie stars as they leave the hotel! I was greeted by hundreds of people outside the hotel waiting to see their favourite movie stars.
