L Raphael Beauty Spa, Martinez Hotel. Cannes Film Festival 2019

L Raphael Beauty Spa, Martinez Hotel Cannes and The Cannes Film Festival are synonymous in my mind. The Martinez Hotel is without doubt THE hotel to stay at Cannes Film Festival. L Raphael Beauty Spa is up on the seventh floor. Here you will find an oasis of beauty and calm, with movie stars preparing for their big Red Carpet events.

L Raphael was created by Ronit Raphael who opened her first flagship Geneva Spa in 2005. Ronit Raphael is the perfect testimony to the efficacy of her brand. I am slightly in awe of her! She is beautiful with perfect skin and radiates an inner glow. Proof that her 7 foundations plan works. She has also created this fantastic beauty empire with products that really do work.

The new Diamond Powder Mask for the prestigious jeweller Chopard is a limited edition created for Cannes Film Festival 2019. This is based on the L Raphael Cure C Mask which is combined with Diamond powder from Chopard diamonds. The mask was created to prepare the skin for the Red Carpet and gives clear skin, lifted in appearance.

I can assure you the mask has a magical effect, even on me! Friends thought I had used botox injections and my skin especially around the eyes was lifted and I looked great. The mask diminishes lines and wrinkles, reduces pore size and gives anti oxygen protection.

The Diamond Powder mask was launched at L Raphael Press Day. We also met Professor Giacomoni the new expert in research and development at Raphael. There was also a super Haute Couture Fashion Show by fashion designer Souhir Ben Saad for La Maison Esthere Maryline.

Gorgeous Red Carpet dresses designed by Souhir who is from Tunisia. Dresses created by hand from the most sumptuous fabrics with a distinctly oriental look.

If you visit Cannes, make sure to book an appointment at L Raphael Spa! You will not be disappointed. I received messages from readers following my instagram post telling me how much they love L Raphael in Beverley Hills! However, if you are not lucky enough to be in Geneva, Cannes, NY or Beverley Hills you can buy some of the products online here: <https://www.l-raphael.com/>
